Secretary Bryan saw that Billy Sunday was eclipsing him as a drawing card and he broke in on the Philadelphia meeting with the cheapest exhibition he has ever made of himself. Instead of being at his post in Washington, he was giving out his autograph to every one who would pledge himself not to drink. The fact is that the duties of Bryan's big office were in better hands when President Wilson had to attend to them during the secretary's absence on a play to the galleries, haranguing a noisy job lot of curio seekers.

An Editor will in many cases, continue to send his paper to an old subscriber after the date of expiration of subscription believing he, the subscriber still wishes the paper and that he the publisher is doing a favor as well as good business. The matter is permitted to drift along by both, until 2 or 3 years have piled up on the account and the subscriber feels like he is being made to pay heavily. No publisher wishes to run the risk of offending a good friend of his paper by cutting him off the list at once after the subscription has expired, and is often misjudged for failing to do so. Both are in fault, strictly speaking.

Some negroes, principally women and girls, have fallen into the habit of walking three abreast and some times four, and crowding white folks of the pavements. Persistence in this practice will result in some bunch of them falling into the gutter and being jarred loose from their bad habit. It is to

be remarked that none of our respectable colored people, more particularly those who pay tax and have rights which white people are glad to respect, are ever guilty of such challenges to trouble, but the disregard for common courtesy appears to be confined to the fourth raters whose only proper names are coons. Better cut it out before those filmy flounces are rumbled in other than the usual way.

Mrs. Elizabeth Hawken

The remains of Mrs. Elizabeth Hawken were shipped to Brunswick from St. Louis for burial March 18, after death that occurred at one of the hospitals in St. Louis. The decedent came to Brunswick in 1884 and was married to Fred C. Hawken in 1900 living since that in St. Louis. She left no children.

prove their new discovery of a cell tissue builder that eliminates and removes all degenerated, worn-out cells from diseases of the blood, nerves, stomach, intestines, heart, spleen, liver, gall-bladder, rheumatism, bladder, kidneys, diabetes, dropsy, leg ulcer, weak lungs, catarh, enlarged glands, swollen joints and all long-standing deep-seated disease; and which replaces and renews normal cells in these organs and restores them to their original youthful, perfect health and vigor. Call and let it be proven to you the wonderful results that have been obtained from this almost miraculous discovery that for years has baffled science; but now by marvelous and scientific, pains-taking, patient, persevering research has been brought to light. A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N. Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N. Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the change of life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Salisbury Coal Mine.

Morgan Bros. of Prairie Hill have asked the Commercial Club of Salisbury to contribute \$600 for the sinking of a coal hole near that town for the purpose of locating of a coal mine. If coal be discovered, a deep mine, mining good coal, would be a big benefit in this county as coal now has to be shipped from Huntsville or other places further away.

Security For Your Live Stock

of every kind, and for your fields of growing crops, is what you want, and what you have a right to expect, when you buy fence. A fence that a bull can break through or break down is not worth paying good money for. You want weight in the fence you buy, weight enough to turn the heaviest Percheron or stop a "devil wagon." Now, it is a fact—and you should know it—that, per running rod, you obtain the most weight in wire that is given in any fence, in the celebrated

AMERICAN FENCE

It is made on purpose to be the heaviest, most durable and lasting of any fence at any price. It is made and sold in larger quantities than any other two fences in the world, solely on its merits. The makers of AMERICAN FENCE own and operate their own iron mines and furnaces, their own wire mills and six immense fence factories. Their product is the acknowledged

STANDARD OF THE WORLD

We can show you this fence in our stock and explain its merits and superiority, not only in the roll but in the field. Come and see us and get our prices.

W. D. VAUGHAN

H. L. Meyer of Bowling Green was in town Saturday. He reports wheat looking fairly well in that section.

L. R. Johnson one of the B. H. S. boys who lives at Dalton was here Saturday. He was well pleased with our new school building.

Joe Cooley was here the latter part of last week calling on his sick friend Jas. Rice. He left for home Saturday.

Wm. Jennings was 55 years old last Friday. Rather an early age for dotage to begin but it appears in many of his recent stunts.

The Dalton school has been placed in the list of third class high schools and the state inspector recommends that another teacher be added next year and that another year be added to the course. The board of education hope to live up to these recommendations.
